PROJECT NOMINATION SUBMITTAL**

Project Title: Little Pecan Bayou Hydrologic Restoration - ME-17

Entity/Individual Nominating: Cameron Parish Police Jury

Name: Douaine Conner, President, Contact: Tina Horn

Address: P.O. Box 1280, Cameron, LA 70631

Telephone: 337-905-1189

E-Mail: cppjury@camtel.net

Total CIAP Funds Requested: \$14,000,000

Infrastructure Funds Proposed: _____

Description and Location of Project: Located in Cameron Parish, Louisiana east of the Mermentau River.

Structural measures are proposed along the perimeter of Little Pecan Bayou that would reduce marsh salinity levels and allow fresh water to be conveyed to the south of Louisiana Hwy 82. Terraces would be constructed in the large open water areas.

Project Type (from CIAP fund uses): Conservation, restoration and protection of coastal area, including wetland

Project Justification: Marshes within the project area north of LA Hwy 82 are stressed due to seasonal salinity spikes exacerbated by construction of the Mermentau Ship Channel. Marshes south of the highway are characterized as large open water areas with limited fresh water inputs.

Project Cost Share: State CIAP Funding Only
